**MEETING REPORTS/SUMMARIES**

Examining Safety Culture/Climate: A Workshop Report; October 2013

Worker Education and Training Program: NIEHS Hurricane Sandy Response Report; September 2013

Urban Waters Federal Partners & Awardee Meetings; October 23-25, 2012

Outstanding New Environmental Scientist (ONES) Awardee Symposium; July 10-11, 2012

Prenatal Programming and Toxicity (PPTOX) III: Environmental Stressors in the Developmental Origins of Disease: Evidence and Mechanisms; May 14–16, 2012

Centers for Neurodegeneration Science Grantees Meeting; May 3-4, 2012

Strengthening a Dynamic Environmental Public Health Network for Tomorrow: Advancing Science Through Critical Reflection (NIEHS Partnerships for Environmental Public Health); March 7-8, 2012

Improving Safety and Health Training for Disaster Cleanup Workers: Lessons Learned from the 2010 Deepwater Horizon Oil Spill; February 2012

BPA GO Consortium Meeting; January 17-19, 2012
REPORTS ON SCIENCE & PROGRAMMATIC ACCOMPLISHMENTS

Celebrating 25 Years of the Superfund Research Program

2012 HHS Environmental Justice Implementation Progress Report

Guidelines for the Protection of and Training of Workers Engaged in Maintenance and Remediation Work Associated with Mold, May 2005

NIEHS Division of Extramural Research and Training, 2012 Overview and Highlights

NIEHS Superfund Research Program monthly Research Briefs (since 2002)

Sustainable Materials Management Report; prepared for Waste Management, Inc.

Training Workers for Risks of Nanotechnology

FACT SHEETS, BULLETINS, AND BROCHURES

NIEHS/EPA Children’s Environmental Health and Disease Prevention Research Centers: Protecting Children’s Health for a Lifetime

Decentralized Wastewater Treatment Can Be Cost Effective and Economical

Decentralized Wastewater Treatment Can Be Green and Sustainable

Decentralized Wastewater Treatment Can Protect the Environment, Public Health, and Water Quality

Federal Facility Community Fact Sheets: Five Year Reviews at Superfund Sites

Decentralized Wastewater Treatment: A Sensible Solution

Fact Sheets for the National Clearinghouse for Worker Safety and Health Training

Protecting Yourself While Removing Post-Disaster Debris from Your Home or Business (Training materials and fact sheet)

Protecting Yourself from Avian Influenza (English and Spanish)

Protecting Yourself While Responding to Earthquakes (English and Spanish)

Protecting Yourself While Responding to Hurricanes (English, Spanish, Vietnamese)
Radiological Dispersion Device (RDD) Preparedness: Protecting Yourself During a Dirty Bomb Response

Safety and Health Awareness for Oil Spill Cleanup Workers (English, Spanish, Vietnamese)

Safety Awareness for Responders to Floods: Protecting Yourself While Helping Others

Fact Sheets for the Federal Acquisition Service, General Services Administration:

- Leading the Way on Climate Change Adaptation
- BioPreferred® Program: Expanding Agricultural Markets
- Comprehensive Procurement Guidelines: Recycled Content Products
- Energy Star®: Saving Energy, Money, and the Environment
- Electronic Product Environmental Assessment Tool: Procuring Eco-friendly Electronics
- Low VOC: Making Everyday Products Safer
- National Emission Standards for Hazardous Air Pollutants: Protecting Our Air and Health
- Primary Metals Free: Eliminating Hazardous Metals
- Plastics Removal in the Marine Environment: Unclogging Our Oceans and Waterways
- Significant New Alternatives Policy: Protecting the Earth’s Ozone Layer
- WaterSense®: Saving an Essential Resource

GS Schedule Offerings for Climate Change Adaptation Services

NEWSLETTERS

ePosted – NIEHS Superfund Research Program monthly newsletter

Global Environmental Health Newsletter – NIEHS quarterly newsletter

NewsBriefs – NIEHS Worker Education and Training Program weekly newsletter

PEPH News – NIEHS Partnerships for Environmental Public Health monthly newsletter
**NIEHS Environmental Factor (Online Newsletter Articles)**

Since 2007, MDB has written more than 140 articles for the Environmental Factor. Recent examples include:

- Duke brings Superfund research to the Elizabeth River Learning Barge - January 2014
- Preterm birth linked with maternal phthalate exposure during pregnancy - January 2014
- Researchers find elevated flame retardant exposure among U.S. gymnasts - January 2014
- Delaware cleanup project makes use of NIEHS-funded technology - December 2013
- Toxicology symposium highlights the flip sides of nanomaterials - December 2013
- UC Berkeley meeting explores methods to detect more chemicals - December 2013
- Reducing lead contamination in urban soils - November 2013
- Scientists document arsenic spread to previously unpolluted aquifer in Vietnam - October 2013
- Duke SRP uses blog to explain research projects - September 2013
- Iowa SRP hosts health science and engineering summer camp - September 2013
- Zebrafish developmental assays test the safety of new chemicals - September 2013
- Duke workshop addresses environmental justice issues in North Carolina - August 2013
- Superfund pilots new promotor training module in Mexico and Arizona - August 2013
- WETP workshop identifies strategies to promote effective safety cultures - July 2013
- New approach creates red blood cells, platelets in vitro - July 2013
- Barium distributions in teeth reveal early-life dietary transitions - June 2013
- New plant research discoveries could benefit global agriculture - June 2013

**POSTERS**

Advances in Emerging Contaminant Detection, Remediation, and Exposures: Update on the Superfund Research Program; presented at 2013 NIEHS Science Day

Partnerships for Environmental Public Health Resource Center: Connect & Share; presented at 2013 NIEHS Environmental Health Disparities & Environmental Justice Meeting
Building Resiliency Through Community Emergency Response Teams and Hazardous Waste Worker Training Programs; presented at the 2012 American Public Health Association (APHA) Annual Conference

National Network to Investigate the Utility of Short-term Bioassays for Evaluating Sediment Quality; presented at the 2009 National Association of Remedial Project Managers

Social Media and Emergency Response; presented at the 2010 CDC 4th Annual National Conference on Health Communication, Marketing, and Media
